Hazard: Contraction of Coronavirus COVID-19

Coronavirus disease 2019 (COVID-19) is an infectious disease caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). Believed to have originated in Wuhan, a city in the Hubei province of China, the first COVID-19 cases were reported in December 2019. It has since spread globally, resulting in an ongoing pandemic.

Common symptoms include fever, cough, fatigue, shortness of breath, and loss of smell and taste. While the majority of cases result in mild symptoms, some progress to acute respiratory distress syndrome (ARDS), multi-organ failure, septic shock and blood clots. The time from exposure to onset of symptoms is typically around five days but may range from two to fourteen days.

The virus is primarily spread between people during close contact most often via small droplets produced by coughing, sneezing and talking.

The droplets usually fall to the ground or onto surfaces rather than travelling through air over long distances. Less commonly, people may become infected by touching a contaminated surface and then touching their face.

It is most contagious during the first three days after the onset of symptoms, although spread may be possible before symptoms appear, or from people who do not show symptoms.

Who might be harmed: Employees, contractors or visitors. Employees and their family members who are in the vulnerable categories:	How might people be harmed Inhalation of coronavirus in small droplets expelled from the nose or mouth of persons coughing, sneezing, breathing who are shedding the COVID-19 virus and contact with surfaces contaminated with the COVID-19 virus and transfer to the body through touching eyes, nose and mouth. Transmission could result in possible infection, mild, moderate or serious illness and potential death through respiratory failure and /or associated complications.
--	--

Assessed Risk: Risk is a combination of the likelihood of occurrence and severity of injury or illness arising from the hazard. Each criteria is assigned a score of 1 to 5 based on the detail below. The two scores are then multiplied and the resultant number plotted on the matrix to determine the assessed risk.

Hazard	Likelihood	Severity	Assessed Risk	Likelihood of Occurrence				
				Very Unlikely (A freak combination of factors required for an incident to result)	Unlikely (A rare combination of factors required for an incident to result)	Possible (Could happen when additional factors are present but otherwise unlikely to occur)	Likely (Not certain to happen but an additional factor may result in an incident)	Very Likely (Almost inevitable that an incident would result)
Without controls	Very Likely (5)	Very High (5)	High (25)	1	2	3	4	5
With controls	Possible (3)	Very High (5)	High (15)	1	2	3	4	5

DETAILS OF AREAS OF CONCERN – Management of critical worker and vulnerable pupils during lockdown additional highlighted in green
/ Wider Return of Pupils to School – much of this also applies during lockdown

Covering staff and student H&S and completion of key compliance tasks during the Covid-19 pandemic, including the phased reopening process and those staff who will continue to work from home.

What are the hazards?	Who might be harmed?	How Can the Hazards Cause Harm?	What are you already doing?	Do you need to do anything else to control this risk?	Action by Who?	Action by when?	Done
Ensuring Social Distancing Measures: Pupils Behaviour	Staff, Pupils, Visitors	Pupils' behaviour on return to school does not comply with social distancing guidance	<ul style="list-style-type: none"> Behaviour plan in place Rewards system in place School values Staff code of conduct School already uses a one-way system to main corridors 	<ul style="list-style-type: none"> School will utilise the one-way system where possible and a "keep to the left" approach. 	SLT, all staff	01/06/2020 5/1/21	Y
				<ul style="list-style-type: none"> Break times and lunch times are staggered to support social distancing & are closely supervised. 	SLT, all staff	01/09/2020 5/1/21	Y

Contractors/ visitors	Staff, Pupil, Visitors	Contractors on-site whilst school is in operation may pose a risk to social distancing and infection control	<ul style="list-style-type: none"> • Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. • Where possible work will be undertaken outside of normal school hours. 	<ul style="list-style-type: none"> • An assessment will be carried out to see if any additional control measures are required to keep staff, pupils and contractors safe. 	Estates	Ongoing	Y
				<ul style="list-style-type: none"> • Assurances have been sought from the contractors that all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is always maintained. 	Hub Team	Ongoing	Y
				<ul style="list-style-type: none"> • Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart. 	Hub Team	Ongoing	Y
				<ul style="list-style-type: none"> • Signage in reception indicates the requirements of contractors whilst on site. 	Reception	Ongoing	
				<ul style="list-style-type: none"> • The visitors area and signing in equipment will be wiped down after every visitor. Particular attention is paid to the pen to ensure that it is sanitised after each use. 	Reception	Ongoing	
				<ul style="list-style-type: none"> • All visitors must sign in to enable an adequate record for track and trace purposes. 	Reception	Ongoing	
				<ul style="list-style-type: none"> • Covid-19 risk assessments are obtained for contractors working on site 	Estates/all staff	Ongoing	
				<ul style="list-style-type: none"> • Social distancing is being maintained throughout any such works and where this is not possible arrangements are reviewed. 	Estates/all staff	Ongoing	Y
				<ul style="list-style-type: none"> • In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated in light of COVID-19 (including hazard exchange forms). 	Hub Team	Ongoing	Y
Heat	Staff, Pupil, Visitors	Staff, pupils or visitors suffer heat related issues	<ul style="list-style-type: none"> • Following Heatwave plan for England guidance 	<ul style="list-style-type: none"> • Staff who are at risk of heat related issues to indicate to Head Teachers to allow an individual risk assessment to be carried out. • Continue to follow government guidance and early warning systems. 	Head Teacher	Ongoing	Y

What are the hazards?	Who might be harmed?	How Can the Hazards Cause Harm?	What are you already doing?	Do you need to do anything else to control this risk?	Action by Who?	Action by when?	Done
				<ul style="list-style-type: none"> Ensure rooms are as well ventilated as possible. 			
Costs of the Schools' Response to COVID-19	School	The costs of additional measures and enhanced services to address COVID-19 when reopening places the school in financial difficulties	<ul style="list-style-type: none"> Trust finance team has been consulted to identify potential savings in order to work towards a balanced budget. Additional sources of income are under exploration. 	<ul style="list-style-type: none"> The school's projected financial position has been shared with governors and trust. Additional cost pressures due to COVID-19 identified and an end-of-year forecast which factors them in has been produced 	Hub Team	16/06/2020	Y
				<ul style="list-style-type: none"> Additional COVID-19 related costs are under monitoring and options for reducing costs over time and as guidance changes are under review. 	Hub Team	31/08/2020	Y
Oversight of the Governing Body	School	Lack of governor oversight during the COVID-19 crisis leads to the school failing to meet statutory requirements. Governors are not fully informed or involved in making key decisions	<ul style="list-style-type: none"> Minutes of governing body meetings are reviewed to ensure that they accurately record governors' oversight and holding leaders to account for areas of statutory responsibility. 	<ul style="list-style-type: none"> The Headteacher's report to governors includes content and updates on how the school is continuing to meet its statutory obligations in addition to covering the school's response to COVID-19. 	Head Teacher	Ongoing	Y
				<ul style="list-style-type: none"> The governing body continues to meet regularly via online platforms. 	Chair of Governors	Ongoing	Y
				<ul style="list-style-type: none"> The governing body agendas are structured to ensure all statutory requirements are discussed and school leaders are held to account for their implementation. 	Chair of Governors	Ongoing	Y
				<ul style="list-style-type: none"> Regular dialogue with the Chair of Governors and those governors with designated responsibilities is in place. 	Head Teacher	Ongoing	Y

Assessment completed by:	Peter Bowers, Pam Baker	Date: 15/7/20	
Assessment documented by:	Anthony Smith	Date:15/7/20	

ACTIONS:

- Order of sanitiser required – need advice on quantity. 200 bottles.
- Additional bins required – need advice on quantity. 25 lidded bins.
- Tissues to be ordered – need advice on quantity. 200 boxes
- Vicki to talk to Karen regarding catering section.
- Anti bac wipes needed – need advice on quantity. 100 packs
- Bottles of anti-bac spray. 200 bottles
- disposable paper towels needed – 200 rolls
- 2 plastic old fashioned rubbish bins to hold footballs in with detergent.
- Bottles of detergent/disinfectant for balls needed – 10 bottles
- Check that ihasco training has been undertaken
- Perspex screen to be installed in kitchen where cash collection takes place
- Need large bottles of washing up for practical lessons – 10 bottles
- Need kampa washing up stand and bowl – 4 stands needed
- 3 wall mounted soap dispensers by outside water dispensers. Science, yr 6, quad
- Identify how much schools have spent on covid-19 arrangements.
- More paper towels

DRAFT

Guidance on completing the form

This form may be used to record the risk assessment for any activity. Only complete a risk assessment if you have a good understanding of the activity being assessed and the principles of carrying out a risk assessment.

Risk Assessment Title and Responsible Person

Give the risk assessment a logical and clear title and date. The manager who is responsible for the activity being undertaken should carry out the risk assessment detailing the hazard and controls and any additional action required. It should then be signed and dated and stored securely in department and made available to employees, e.g. through communication on induction and following review.

Details

Provide a brief description of the activities to which the risk assessment relates. The short title detailed above may not make it clear what is in and/or out of scope of the assessment.

What are the hazards and Who is at Risk?

In the Hazards column, list the hazards (something with the potential to cause harm) which could reasonably be expected to result in significant harm.

Identify individuals or groups of people who might be affected by the Hazard. Besides staff and students consider visitors, members of the public, volunteers and others who could be affected.

What harm is associated with the hazard?

For each hazard, there may be one or more types of harm that could occur and each is likely to require different control measures to be implemented. It is recommended each is given a separate line on the form.

What control measures are already in place and what else needs to be put in place?

List what is, or will be put in place to reduce the likelihood of harm or make any harm less serious. These precautions should meet legal standards, represent good practice and reduce risk as far as reasonably practicable. A hierarchy of control such as below may help in determining suitable controls, preference should be given to controls higher up the hierarchy where possible.

- Eliminate or avoid the risk at its source
- Reduce the risk at its source
- Contain the risk
- Remove employees/pupils (as applicable)
- Reduce exposure to the risk
- Utilise personnel protective equipment

Evaluation of Adequacy

The application of and consideration of the adequacy of the controls in place needs to be determined. This is a subjective judgement to be made by the responsible person. Where the response to the question of adequacy is 'no' this indicates an area requiring additional control (see below).

Areas of additional control for consideration

Areas for additional control can include items where the judgement in the evaluation of adequacy section was negative. It can also relate to developmental or goal-setting objectives in support of the journey of continuous improvement.

Review Period

Risk assessments are reviewed every two years to ensure validity. For activities undergoing regular change, consider a shorter timeframe for review.

**COVID-19- Proposed Cleaning Schedule
for CMAT Schools 25th May 2020
PRIVATE & CONFIDENTIAL**

- ADDITIONAL CLEANING PRIOR TO OPENING**
- External cleaning company to undertake COVID-19 clean of full site (due to lower confidence levels in quality of cleaning)

- Standard cleaning schedule**
- Schools will continue to be cleaned as usual, including:
 - Mop all corridors and floors
 - Thoroughly vacuum all carpets including edges and behind doors
 - Wipe all surfaces and table tops
 - Thoroughly clean all sinks
 - Thoroughly clean all toilets, urinals and cubicle walls
 - Clean all internal glass
 - Empty all bins

- ADDITIONAL PROVISION OVER STANDARD END OF DAY CLEANING IN ALL SCHOOLS**
- Audits to be undertaken of cleaning work daily by external provider, to evidence that best practices are in place.
 - Cleaners will clean the school site using approved cleaning solution for all hard surfaces, including floors.
 - Cleaner will clean all surfaces that are accessible including door handles, grab rails, door glass, table-tops/desks and work surfaces with soapy water prior to disinfection using providing cleaning solution.
 - Where waste is not suspected to be infectious it will be bagged and disposed of in line with school's normal procedures. Cleaning after suspected infection will be as point 2.
 - Staff will remain at least two metres apart when carrying out their role.

- ADDITIONAL CLEANING DURING THE SCHOOL DAY**
- During school hours school staff (TA) to wipe down door handles and all hard surfaces with approved cleaning solution (that is compliant with Public Health England (PHE) guidance) and cloth hourly.
 - Upholstered surfaces (those that have not been removed) will be cleaned with a steam cleaner periodically by the school's site team.

- CLEANING IN THE EVENT OF A SUSPECTED OR CONFIRMED COVID CASE**
- External cleaning company to undertake COVID-19 clean of isolation room, isolation toilet, bubble classroom and any corridors that have been travelled between those locations. N.B. All areas will be closed down immediately until deep clean has taken place.

- Further measures and notes**
- All schools – staff to wash their hands with soap and water for at least 20 seconds prior to starting and finishing work.
 - All schools – above procedures meet or exceed cleaning guidance issued.
 - All schools – staff have been made of risk assessment and cleaning guidance
 - All schools – rooms and areas to be ventilated as much as possible.
 - All cleaning will supplement the use of sanitisers located throughout school, at entrance points to the building and classrooms that will be replenished in a timely fashion.
